HP ENGAGE ONE AND HP ENGAGE GO

MARKING A NEW ERA IN RETAIL

Versatile point of sale systems that elevate the customer experience and support your critical business operations

HP ENGAGE ONE

RETAIL REDEFINED BY DESIGN

With security, durability, and flexibility built into its gorgeous design, the HP Engage One reinvents the in-store experience.
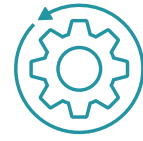

SLEEK. MODERN. ADAPTABLE.

Designed to adapt to any retail or hospitality environment, the HP Engage One system features a versatile ecosystem of accessories.[1] Build the ideal solution for your business— whether it's a traditional point of sale, interactive signage, or self-service.

SECURE DATA. PROTECT CUSTOMERS.

Today's business calls for next-level security. The HP Engage One answers with a self-healing PC BIOS and firmware that shields the BIOS against attacks to help keep your data, devices, and customers safe and secure.

DURABLE. POWERFUL. BUILT FOR THE DAY AHEAD.

Power through each day with 7th generation Intel® processors, optional vPro™, and a durable system that has a five-year manufacturing lifecycle and up to a three-year standard limited warranty.[2] Get peace of mind for long-term investments with HP Care Pack options that extend your level of service.[3]

KEY FEATURES

HEAD UNIT

CONNECTIVITY BASE

1. Basic I/O connectivity base
2. Advanced I/O connectivity base

HP ENGAGE GO

Enable transactions wherever your retail and hospitality customers are with the versatile and beautiful HP Engage Go, a system designed for traditional and mobile point of sale experiences.

SLEEK DESIGN. SEAMLESS MOBILITY.

Deliver an optimized experience to your customers with a modern, flexible solution that lets you check inventory on the fly, complete registrations, and close sales—at the counter or out on the floor.

PROTECT CUSTOMER AND BUSINESS DATA.

Safeguard your system and customer information with a self-healing PC BIOS, HP Smart Dock tablet-locking to help deter theft from the optional stand, and two-factor authentication with the optional integrated fingerprint reader or NFC reader.[1]

DURABLE. FAST. BUILT TO LAST.

Achieve peak performance with a solution that stands up to demanding retail or hospitality environments with an incredibly resilient design, high-speed processor, and long-lasting battery.
